

USA Travel – What do I need to know?

- ***Always check with your Branch prior to planning a trip abroad to ensure the event is properly sanctioned and approved!***
- Teams need to be aware that they should purchase additional Health Insurance when leaving the country. Provincial health care plans will cover out of province medical expenses and Hockey Canada insurance has specific limits that apply once the primary insurance coverage has been exhausted, however these policies may not be sufficient if an injury occurs in the US or abroad.
- Always ask the travel insurance company you are dealing with if they cover injuries that occur while playing sports.
