

2015 KING CLANCY CUP – REGISTRATION FEE

The new registration fee for the 2015 Founders Cup is \$1450. The primary reason for the change in the fee is because we are no longer charging a gate fee to any GTHL game and therefore need to offset the cost of the ice through other channels and thus, the increased fee (previously \$585).

The Game Sheet fees, which are in addition to the registration fee, are in place for the team to pay the referees and timekeeper. You are not specifically paying for the game sheet; it is merely called a “game sheet fee.”

The way we came by the entrance fee is that if we were charging a gate fee and the entrance fee to the tournament was \$585 (as per previous season), your team would be paying over \$1800 as opposed to the \$1450 fee.

The fees are simply collected up front/ahead of time rather than partially through the registration fee (\$585) and also through the payment of gate fees.

This includes the following:

Entrance Fee - \$585

Estimated Gate for 6 Games (which is the minimum amount of games to be played in the Founders Cup but could be as high as 8 Games)

15 player average and 1 parent per player = 30 Entrants x \$7 Gate Fee = \$210 x 6 Games = \$1260

Final Total

\$585 + \$1260 = \$1845

If you register in the Founders Cup tournament, you are getting (at minimum) a guarantee of 6 Games which is \$240/game.

I hope this makes sense and helps in your decision to be a part of the Clancy this season.
